

Instructions for properly hugging a baby:

1. First, spy a baby

2. Second, be sure that the object you spied was indeed a baby by employing classic sniffing techniques. If you smell baby powder and the wonderful aroma of wet diapers, this is indeed a baby.

3. Next you will need to flatten the baby before actually beginning the hugging process.

**Note: The added slobber should help in future steps by making the paw slide out easier.

4. The paw slide- Simply slide paws around baby and prepare for possible close-up.

5. Finally, if a camera is present, you will need to execute the difficult and patented hug, smile, and lean; so as to achieve the best photo quality .

Dogs, if this is properly done, it will secure you a warm, and dry, climate-controlled environment for the rest of your life.
